B.A. in HISTORY MAJOR ROADMAP

The History major is 68 units (24 lower division and 44 upper division).

There is no reason to regiment the order in which History majors complete their concentrations and electives: students may mix and match these courses all through their major years, depending on what courses are offered. Below, is a sample roadmap to indicate how they might be completed in a timely manner, not to prescribe the order or quarter in which they must be taken.
